1.1 PURPOSE OF THE POLICY

The purpose of this Policy is to provide a guideline for situations in which employees, business partners or associates of The Foschini Group Limited (“TFG” or the “Company”) and all of its subsidiaries (wherever they operate) may find that their personal interests might be in conflict or may be perceived to be in conflict with the interests of TFG.

1.2 POLICY STATEMENT

This Policy aims to guide employees and all other persons acting on behalf of the Company to understand:

- 1.2.1 a Disclosure of Interests (DOI) within the context of TFG;
- 1.2.2 what to do if presented with potential DOIs situations.

This Policy will outline the rules regarding DOI and the responsibilities of employees. Compliance with this Policy will ensure that where potential DOI situations arise, that they are either avoided or managed appropriately to minimise the risk of detriment to the Company.

1.3 SCOPE OF THE POLICY

- 1.3.1 This Policy applies to all TFG employees, including, but not limited to, directors, management, independent contractors, and all other permanent and variable employees.
- 1.3.2 TFG’s directors and management are responsible for:
 - I. ensuring that employees are aware of the Policy;
 - II. observing TFG’s ethical obligations;
 - III. taking steps to ensure compliance with the Policy;
 - IV. setting an example in all matters pertaining to the Policy.
- 1.3.3 TFG also expects from its business partners, consultants, suppliers, vendors, service providers and agents (collectively referred to as “Business Contacts”), with whom TFG contracts or does business, whether currently or in the future (including all employees of the Business Contacts), that they will comply with the principles of this Policy.

1.4 SUPERCEDEENCE

This Policy replaces all previous TFG Policies regarding the matters contained herein but should be read in conjunction with TFG’s Code of Ethical Conduct, Disciplinary Policy, Gift Policy and Anti-Corruption Policy.

1.5 DEFINITIONS

1.5.1 Disclosure of Interests

DOI refers to a situation in which an individual's personal interests conflicts; or has the potential of conflicting, with the interests of their employer.

These situations may arise from:

- 1.5.1.1 the conduct of persons or entities (e.g., appointing a particular supplier which is owned by a friend);
- 1.5.1.2 the inappropriate giving or receiving of gifts in potentially compromising situations, or where it may be seen as bribery.

In a DOI, the interests of two different parties (namely the employee and the employer) are incompatible.

A DOI can also refer to a situation in which a person is in a position to derive personal benefit from the actions or decisions they make in their official capacity.

1.5.2 Code of Ethical Conduct:

The Code of Ethical Conduct provides employees and Business Contacts with the standards for acceptable behaviour, which TFG expects, in relation to decision-making and conduct.

1.5.3 Bribery:

Bribery involves offering something (e.g. money, gifts, travel, entertainment, free accommodation) to gain an unfair advantage.

1.5.4 Gift:

Gift refers generally to any item of material nature that has an intrinsic financial value but can also include money or its equivalent (such as gift vouchers), goods, services and other things of value, for example, meals, beverages (alcoholic and non-alcoholic), tickets to events, golf day sponsorships, sporting kit or equipment sponsorship, accommodation, loans, school fees, medical care expenses, trips or tickets to cultural, entertainment, or sporting events. It is not possible to describe all gifts which may be received. This definition is therefore not exhaustive.

1.5.5 Business advantage:

Business advantage is the unauthorised or improper gaining of a commercial and contractual advantage.

1.5.6 Financial interest:

Financial interest means any cash, cash equivalent, voucher, gift, service, advantage, benefit, discount, domestic or foreign travel, hospitality, accommodation, training, sponsorship, other incentive or valuable consideration.

POLICY ELEMENTS

- 2.1 This Policy must be read with TFG's Code of Ethical Conduct.
- 2.2 The Code of Ethical Conduct outlines TFG's values that every TFG employee and Business Contacts should subscribe to during the execution of their duties or obligations on behalf of, or to, TFG.
- 2.3 The relationship between TFG and anyone acting on behalf of TFG should be based on mutual trust.
- 2.4 As TFG is committed to preserving the interests of its employees or those acting on its behalf, it expects them, reciprocally, to act in the best interests of TFG.

WHAT IS A DOI?

3.1 A DOI IN PRACTICAL TERMS

A DOI occurs whenever an employee's (or someone acting on TFG's behalf) actual or perceived interest in a particular matter motivates them to act in a manner that:

- 3.1.1 Will or may undermine TFG and may place it at risk.
- 3.1.2 Is or may be calculated to benefit the employee or Business Contact, to the detriment of TFG.
- 3.1.3 Is or may be calculated to provide the person with an unfair advantage in business dealings, whether with TFG or third parties.
- 3.1.4 Is or may be calculated to provide an entity (such as a service provider) with an unfair advantage in its business dealings with TFG, and for which the employee receives a reward.

3.2 SITUATIONS THAT MAY BE CONSIDERED A DOI

- 3.2.1 These situations may take many different forms and may include, but are not limited to, the following examples, which are illustrative only:
 - I. Using one's position with TFG for personal advantage; for example: proposing, or influencing the appointment of, a spouse's or a relative's company as a supplier.
 - II. Using one's position with TFG to appoint a family member as a TFG employee.
 - III. Having family members employed within TFG.
 - IV. Using TFG's resources to support an external business.
 - V. Providing confidential company information to service providers, or aspirant service providers who seek an advantage in securing contracts.

- VI. Accepting gifts from service providers who seek to ensure preferential treatment when dealing with TFG.
 - VII. Where you are engaged in an external business, including social media influencing or moonlighting (apart from your employment with TFG), you are required to report such an activity (whether existing or planned) to your Head of Division to determine whether to allow such activity or not. In the event, that your Head of Division determines that such activity is allowed and is authorised, you are required to make a disclosure using the Disclosure mechanism.
- 3.2.2 It is not possible to describe all the situations that could constitute a DOI and the above examples are not exhaustive. Generally, the pertinent question is whether an employee has an interest in a matter of such a nature that it might affect their objectivity or judgement or can be perceived to have done so.

AN EMPLOYEE'S RESPONSIBILITY IN SITUATIONS THAT MAY REQUIRE A DOI

- 4.1 Employees should avoid DOI situations and disclose any conflict to their Head of Division prior to contracts being finalised.
- 4.2 Disclosures of an actual or potential conflict must be made at the earliest opportunity so that TFG may have a reasonable opportunity to assess its effects.
- 4.3 An individual who suspects an actual or potential DOI must immediately report it to their Head of Division or appropriate business contact person at TFG (e.g. in the case of external parties).
- 4.4 This obligation is ongoing. In particular, when a new supplier is on-boarded or when a request for proposal/quotation (RFP/RFQ) commences, the business owner should complete the disclosure form if there is an actual or potential DOI situation.
- 4.5 An employee must also disclose to their Head of Division any gifts offered to or received from any client, 3rd party, supplier or business contact. Please refer to the Gift Policy in this regard.
- 4.6 An employee must disclose to their Head of Division any other roles (including any directorships/board memberships/chairperson positions) they perform/hold outside the Company and in particular if compensation is received.
- 4.7 The Disclosure form is available on InSite under the self-service tab. Or on InTouch for stores under Applications – Human Resources – Disclosure of Interests.

5 BREACH OF THE DOI POLICY

- 5.1 TFG's values and principles are fundamental to the way it conducts business, and it expects that all employees and Business Contacts at every level must adhere to the highest standards of business ethics.

- 5.2 TFG reserves the right to take decisive action against any person or entity who does not comply with the spirit and principles of this Policy.
- 5.3 Employees who fail to comply with this Policy will face disciplinary action and may be dismissed where appropriate.
- 5.4 For further information, refer to TFG's Disciplinary Policy.
- 5.5 Should our Business Contacts not uphold the values and principles contained in this Policy and TFG's Code of Ethical Conduct, TFG may terminate the business relationship with them.

6 MANAGER'S OBLIGATIONS

- 6.1 The collective responsibility for ensuring compliance with this Policy rests with Management.
- 6.2 Management is responsible for communicating this Policy to all employees, for the implementation thereof, for ensuring that it is observed and for taking appropriate action when breaches are identified.
- 6.3 In addition to their general obligations as employees under this Policy, Management is specifically responsible for ensuring application of this Policy to all their activities, especially the take-on of new vendors.
- 6.4 Managers are expected to provide leadership and to set an example to subordinate employees by managing the business risk so that the potential for DOIs is non-existent or minimal.

7 SPEAKING OUT AND REPORTING UNETHICAL BEHAVIOUR

- 7.1 Criminal and unethical conduct not only negatively impacts TFG financially but will also have an adverse effect on TFG's reputation, trustworthiness, organisational culture and the sustainability of the business. Employees therefore have a responsibility to report unethical and criminal activities that they are aware of.
- 7.2 If an employee has any concerns about a potential DOI or if they believe an action or a decision is not consistent with TFG's values and ethical principles, the employee has a responsibility to raise the concern. TFG provides a safe and effectively managed channel of communication and procedure to report unethical or illegal conduct to an immediate supervisor, manager, another person with management responsibility or the Deloitte Tip-Off Line, alternatively, by using the Disclosure form.
- 7.3 TFG understands that it is sometimes difficult to speak out for fear of retaliation or victimisation, but TFG will protect employees if their reports are made in good faith.

- 7.4 The Deloitte Tip-Off Line is available 24 hours a day, 7 days a week and 365 days a year. Employees can report in any language they prefer.

11. FREQUENTLY ASKED QUESTIONS

- 11.1 Question: I have read the Policy but still do not understand what a DOI is. What do I do?
Answer: You are welcome to contact the Legal Compliance team for assistance by emailing: svc_Assurance_COE@tfg.co.za
- 11.2 Question: Why is it an issue if I appoint a Business Contact as a supplier who happens to be a friend?
Answer: As an employee of TFG, one of your obligations is to act in the best interests of the Company. I.e., you should not be acting in your own interests. You should also not be acting in the interests of your friends or trying to grow their business. When appointing Business Contacts, you must therefore act impartially and secure the best price and value for the Company. Doing business with Business Contacts which are friends can lead to situations where the Company's interests do not come first.
- 11.3 Question: Is it appropriate to appoint a family member in my division?
Answer: This must always be disclosed upfront, and authorisation must be obtained from the relevant Group Director and Chief & People Culture Officer.
- 11.4 Question: Must I disclose if a family member works for TFG?
Answer: Yes. For the sake of transparency, we encourage these disclosures.
- 11.5 Question: Why can't I give a Business Contact information so that they can improve a quote?
Answer: This is not appropriate because other parties who have quoted to provide the same service could call the entire process into question. There could be legal consequences as a result.
- 11.6 Question: Why can't I use Company resources to run my own business?
Answer: As a TFG employee, you are expected to use your time and Company resources to further the interests of TFG. It is therefore expected that your time and resources will not be spent furthering your own interests.
- 11.7 Question: What is moonlighting and what are some examples?
Answer: This is defined as having a second job in addition to your job at TFG, without the consent of TFG. Examples include where you run an online business, are a social media influencer or where you are a director of a company.
- 11.8 Question: What happens if I do not report a DOI timeously or if a Business Contact reports a DOI, but I do not?
Answer: The matter will be investigated and may result in disciplinary action, which includes your possible dismissal.

11.9 Question: How do I disclose other positions which I may occupy which are not related to TFG suppliers or services providers?

Answer: Use the “personal interest” disclosure option to provide information on any other positions held such as (for example) directorships, trustee positions, board memberships or chairperson roles.
